

HOW TO DEVELOP A **TUTOR-LED COURSE** IN YOUR OWN WAY WITH OUR HELP

[HTTP://BIT.LY/INDEX-WHY](http://bit.ly/index-why)

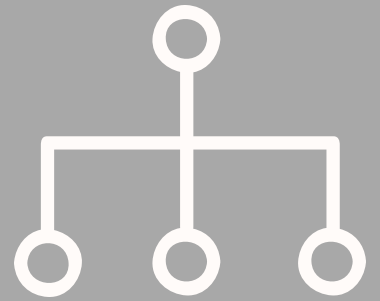

LEARNING NEEDS

Specify learning needs: target audience, expected outcomes, duration, workload, budget, etc.

DESIGN

Define learning objectives, learning activities, assessments, course structure, course layout, and alignment between them.

DEVELOPMENT

Develop or select instructional materials, including readings, videos, and graphics. Produce instructions for all activities.,

TESTING

Define a small group of people who can test and evaluate the course for the purpose of feedback prior to a first full pilot.

DELIVERY

Offer the course with trained tutors and technical support, following the designed structure and policies.

DEBRIEFING

Group all course collaborators to discuss outcomes, make enhancements for next offering.

IDB

Improving lives
